It's been an amazing journey hasn't it? Who would have thought that a 19 year old with a 700 square foot factory space would be sitting here celebrating 25 years in business?

This has been a crazy journey with ups and downs along the way, but I couldn't have done this alone. My father Lou was my earliest mentor, teaching me the value of manufacturing a great product at a customer friendly price. My mother Elisa has been a big part of our sales team for the past 15 years. My wife Anita accompanied me to my earliest trade shows and door-to-door sales meetings. As we built our business, we built our family. Two of our three children, Louie and Catheryne work full time for the business while our youngest daughter Selena inspired a series of charitable straps and guitar picks, with a portion of the proceeds going to Boston Children's Hospital. As you can see, family has always been a big factor in our business.

I'd like to personally thank all of those that have worked with Perri's Corporation over the years and helped us grow. To our valued relationships with our OEM partners, thank you for trusting us with your brands. To our retail buyers, thank you for the opportunity to deliver products to your customers. To our suppliers, thank you for your support in ensuring everything going smoothly. And finally, and most importantly, thank you to the staff of Perri's Corporation whose hard work, passion, and dedication to their crafts make everyday in the factory feel as exciting as it did in 1998.

If you are new to Perri's Corporation, we thank you for your interest in our humble family business. Our goal is to provide the highest quality product at the best possible prices. If you are already working with us we thank you for your partnership!

Anthony Perri, President & CEO

The more wear and tear will customize the look, feel and shape. Baseballs are made with leather that can handle heavy stress and last for a long time and that's what we've created with our Baseball Leather strap collection made with South American hides. Every strap will have a different look after use and abuse, bringing lighter shades of color through the original color of leather for natural perfection.

FAMOUS GUITAR STRAPS

We confidently call these the **Famous** Guitar Straps because, as their name suggests, some of the most famous guitar players around have used these motifs, musical notes and lightning bolts, on their guitar straps.

We offer the bold and contrasting white on black and black on white leather models of both the lightning bolts and musical notes. The motifs are leather cut-outs sewn onto a comfortable leather strap.

Basic Leather VINTAGE Guitar Straps

These straps have that **vintage** vibe of a 50's guitar player. A classic look and style from an era that brought us rock and roll guitar, a time worth honoring.

The HOPE COLLECTION designs were selected by Selena Perri, daughter of Anthony Perri, President of Perri's Leathers. This collection is dedicated to Selena's ongoing recovery from kidney disease. Our peers in the music industry, some of whom are direct competitors, rallied behind Selena to engage the help of Boston's Children's Hospital.

This has given Selena much hope for a bright and healthy future. On behalf of Selena and all children with challenging health conditions, we continue to raise awareness about the great work happening at Boston's Children's Hospital.
