

SUMMER 2022

P

Perri's  
Leathers Ltd.

[www.perris.ca](http://www.perris.ca)

I started Perri's Leathers at the age of 19. My "factory" was a 700 square foot industrial space, financed with a credit card. Our machinery only consisted of a used die cutter and a sewing machine, while the "Sales Team" was really just me and my girlfriend driving door-to-door in a beat-up Suzuki Swift! I eventually upgraded the car and married the girl.

The business grew as did our family. Our two oldest children, Louie and Catheryne, work full time for the business. Now my youngest daughter, Selena, continue to inspire a series of straps and picks that are expanding in the Summer 2022 Perri's product lineup.

We are selling Perri's products in over 40 countries. Among our expanding customer base are the biggest retailers and distributors in the business, as well as small businesses and independent dealers, expertly serving our increasing demand. Our growth has been led by a passion for exceptional designs, coupled with loyal clients. Our growth has allowed us to explore new industries such as paper products, apparel, and accessory manufacturing. In late 2021, our company launched two new divisions; Perri's Socks and Perri's Print. The expansion into these new divisions allowed us to diversify our product line to include socks, hosiery, pet collars, lanyards, and stationery. We are passionate and excited to continue expanding into new industries with innovative products as our business continues to grow.

We are proud to present to you our Summer 2022 Product Catalogue. We paired down the old to make room for the new, while keeping our best styles and materials front and center. With great partnerships and great products, we look forward to working with you to expand our global reach even further in Summer 2022.

**2.6" Baseball Leather Guitar Strap. Adjustable length 41" to 56"**

The more wear and tear will customize the look, feel and shape. Baseballs are made with leather that can handle heavy stress and last for a long time and that's what we've created with our Baseball Leather strap collection made with South American hides. Every strap will have a different look after use and abuse, bringing lighter shades of color through the original color of leather for natural perfection.

## FAMOUS GUITAR STRAPS

We confidently call these the *Famous* Guitar Straps because, as their name suggests, some of the most famous guitar players around have used these motifs, musical notes and lightning bolts, on their guitar straps.

We offer the bold and contrasting white on black and black on white leather models of both the lightning bolts and musical notes. The motifs are leather cut-outs sewn onto a comfortable leather strap.

### Basic Leather VINTAGE Guitar Straps

These straps have that *vintage* vibe of a 50's guitar player. A classic look and style from an era that brought us rock and roll guitar, a time worth honoring.
